

ROBERT OAKES

1858 North 200 East. Centerville, Utah, 84014 | Phone: (801) 656-5826 | Fax: (801) 292-4481 | Rob.Oakes@hsc.utah.edu

EDUCATION

Bachelor of Science, Biomedical Engineering 2006
Emphasis: Mathematical Modeling, Biochemistry/Molecular Biology, Biomechanics

Utah State University, Logan, Utah
Associate Degree 1999

AWARDS AND FELLOWSHIPS

Research Fellowship, Medical Student Research Program. University of Utah School of Medicine. **May 2007 – August 2007**
Research Fellowship, Medical Student Research Program. Heart Rhythm Society. **April 2008**

WORK EXPERIENCE

Atrial Fibrillation Program - Division of Cardiology, Internal Medicine. University of Utah School of Medicine
Senior Research Engineer, Atrial Fibrillation Program 2007 - Present
Responsible for all operations in Clinical and basic laboratory research programs for the Atrial Fibrillation Program at the University of Utah School Of Medicine.

Division of Pediatric Nephrology and Hypertension, Pediatrics. University of Utah School of Medicine
Research Coordinator/Chief Laboratory and Surgical Technician 2003 – August 2008
Administrative oversight of all clinical and laboratory programs including IRB, finances, and personnel. Designed and implemented study protocols in collaboration with division physicians.

Bioengineering Department, University of Utah
Research Assistant, Musculoskeletal Research Laboratories (MRL), Angiogenesis Project 2005
Designed/Performed Experiments to determine activity of Matrix Metalloproteinase (MMP). Testing of culture gels to determine changes in mechanical properties.

Research Assistant, Division of Biomaterials 2004
Designed prospective IRB proposal to study effects on PSA on anti-HIV microbicide materials.

Emergency Department (ED). University of Utah School of Medicine
Research Assistant, "Pain Management in the Emergency Room" 2002
Interviewed ER patients to gather survey data.

Utah State University Extension: Artificial Insemination and Equine Reproduction Project
Research Assistant 1999
Instruction of extension students in semen collection, semen freezing/analysis, mare management/assessment and insemination techniques. Collection of semen samples from stallions, qualitative analysis for sperm viability before/after freezing/shipping. Assessment of cycling times in mares. Artificial insemination of mares currently in season. Instruction of extension students in semen collection, semen freezing/analysis, mare management/assessment and insemination techniques.

RELATED EXPERIENCE

Utah's Health: An Annual Review. Governor Scott M. Matheson Center for Health Studies, University of Utah
Senior Editor/Executive Committee Member November 2004 – June 2007
Responsible for production of journal and oversight of website content. Senior Editor for infectious disease data section, co-editor for Pediatrics data section.

Primary Children's Medical Center, Salt Lake City, Utah
Health Unit Coordinator May 2002 – January 2006
Processed Doctor's orders, coordinated health care among interdisciplinary teams. Member of CMS Practice/Education Council: Planned and Implemented unit educational activities (education in-services, internal research and auditing activities. Provided Spanish Translation as needed.

Franklin Elementary School: Learning Plus Center
Assistant Program Coordinator June 2002 – September 2002
Aided in designing and implementing program educational components. Program Instructor for Spanish speaking students. Designed and developed database of personnel/student records.

PUBLICATIONS – PEER REVIEWED JOURNALS

ABSTRACT AND POSTER PRESENTATIONS

Badger TJ, Oakes RS, Shabaan A, Akoum AW, Segerson NM, Fish EN, Rao S, Burgon N, Adjei-Poku Y, Kholmovski E, Vijayakumar S, DiBella EVR, MacLeod RS and Marrouche NF. The relationship between pulmonary vein antrum scarring following atrial fibrillation ablation and procedural success: Does Pulmonary Vein Isolation Matter? *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Oakes RS, Badger TJ, Rao S, Adjei-Poku Y, Burgon NS, Blauer JJE, Akoum NW, Segerson NM, Tate SB, Anderson P, Broderick R, Fletcher MA, DiBella EVR, MacLeod RS and Marrouche NF. The relationship between left atrial wall scar formation and procedural success following catheter ablation for atrial fibrillation. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Badger TJ, Oakes RS, Fish EN, Segerson NM, Akoum N, Burgon NS, Rao S, Shabaan A, DiBella EVR, MacLeod RS and Marrouche NF. Identification of Gap Lesions Following Failed Atrial Fibrillation Ablation: Using Three-Dimensional Delayed Enhancement MRI to Guide Re-ablation Procedure. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Badger TJ, Oakes RS, Fish EN, Segerson NM, Kholmovski E, DiBella EVR, MacLeod RS and Marrouche NF. Detection of Esophageal Tissue Damage Using Delayed Enhancement MRI Following Atrial Fibrillation Ablation. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Akoum NW, Oakes RS, Adjei-Poku Y, Kuppahally S, Segerson NM, Fish EN, Rao S, Burgon NS, Kholmovski E, DiBella EVR, MacLeod RS and Marrouche NF. Left atrial fibrosis impacts left ventricular ejection fraction in patients with atrial fibrillation. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Akoum NW, Oakes RS, Burgon NS, Fish EN, Windfelder J, Rao S, Badger TJ, DiBella EVR, MacLeod RS and Marrouche NF. Relationship between left atrial structural remodeling and the use of anti-arrhythmic drugs in patients with atrial fibrillation. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Burgon NS, Adjei-Poku Y, Oakes RS, Badger TJ, Fish EN, Akoum NW, Segerson NM, DiBella EVR, MacLeod RS and Marrouche NF. Impact of posterior wall thickness on scar formation following ablation for atrial fibrillation. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Kuppahally S, Oakes RS, Fish EN, Kholmovski E, Vijayakumar S, DiBella EVR, MacLeod RS, Litwin SE and Marrouche NF. Left atrial strain in patients with atrial fibrillation: Effects of left atrial fibrosis and volume. *American Heart Association: Scientific Sessions*. November 8-12, 2008. New Orleans. [In Review]

Oakes RS, Badger TJ, Kholmovski E, Segerson N, Daccarett M, Akoum N, Di Bella EVR, MacLeod RS, McGann CJ, Marrouche NF. New MRI method to predict successful radiofrequency ablation in the treatment of atrial fibrillation. European Society of Cardiology Congress - 2008. August 30 – September 3, 2008. Munich, Germany. Division of Cardiology, Internal Medicine, University of Utah School of Medicine. *Poster Presentation*.

Oakes RS, Badger TJ, Burgon N, Segerson N, Daccarett M, Akoum N, Kholmovski E, Di Bella EVR, MacLeod RS, Marrouche NF. Left atrial fibrosis impacts lesion formation during catheter ablation of atrial fibrillation. European Society of Cardiology Congress - 2008. August 30 – September 3, 2008. Munich, Germany. Division of Cardiology, Internal Medicine, University of Utah School of Medicine. *Oral Presentation*.

Badger TJ, Oakes RS, Burgon N, Segerson N, Akoum N, Daccarett M, Kholmovski E, Di Bella EVR, MacLeod RS, Marrouche NF. Use of contrast enhanced magnetic resonance imaging to identify myocardial healing following ablative treatment for atrial fibrillation. European Society of Cardiology Congress - 2008. August 30 – September 3, 2008. Munich, Germany. Division of Cardiology, Internal Medicine, University of Utah School of Medicine. *Poster Presentation*.

Badger TJ, Oakes RS, Segerson N, Daccarett M, Akoum N, Burgon N, Kholmovski E, Di Bella EVR, MacLeod RS, Marrouche NF. Using 3D delayed-enhancement MRI to identify gap lesions following failed pulmonary vein isolation to help guide repeat radiofrequency ablation in atrial fibrillation patients. European Society of Cardiology Congress - 2008. August 30 – September 3, 2008. Munich, Germany. Division of Cardiology, Internal Medicine, University of Utah School of Medicine. *Oral Presentation – Top Scoring Abstract*.

Badger TJ, Oakes RS, Fish E, Segerson N, Daccarett M, Akoum N, Kholmovski E, Di Bella, MacLeod RS, Marrouche NF. Using delayed-enhancement MRI to detect esophageal tissue damage following radiofrequency ablation. European Society of Cardiology Congress - 2008. August 30 – September 3, 2008. Munich, Germany. Division of Cardiology, Internal Medicine, University of Utah School of Medicine. *Oral Presentation*.

CERTIFICATIONS

Pediatric Advanced Life Support (PALS). American Heart Association/American Academy of Pediatrics.
Completed: July 27, 2004 at Primary Children's Medical Center. *Valid through July 2008.*

Human Participant Protections Education for Research Teams. National Institutes of Health (NIH).
Completed July 12, 2004 at University of Utah Medical Center. *Certification has no expiration date.*

VOLUNTEER EXPERIENCE

The Sharing Place

Volunteer**September 2007 – Present**

Help in facilitating grief sessions for children who have lost an immediate family member.

Primary Children's Medical Center

Volunteer, Parent Resource Center**May 2006 – August 2007**

Help parents to find information and resources about their child's illness, help coordinate access to community services during after hours.

Center for Humanitarian outreach and intercultural Exchange (CHOICE)

Member, Scientific Advisory Board**November 2004 – Present**

Design of integrated information system to manage core operations including communication with local humanitarian aid directors, donor and foundation follow-up and community outreach activities. Creation and automation of rural health monitoring system.

Compassionate Care Group, University of Utah

Vice President, Communications**August 2003 – March 2004**

Instituted yearly lecture series. Responsible for Media Coordination and Programming of Events. Noted Speaker: Patch Adams. Gesundheit Foundation for Children's Health Care. February 12, 2004.

Franklin Elementary School

Youth Mentor**August 2002 – March 2003**

Tutored Spanish speaking children in reading and writing basics. Helped to organize special events as needed.

Church of Jesus Christ of Latter Day Saints

Full Time Service Volunteer/Proselytizing Missionary**January 2000 – January 2002**

LANGUAGES

English – Native Language

Spanish – Speak fluently with high read/write proficiency

MEMBERSHIPS

American Academy of Sciences – Member

American Heart Association (AHA) – Student Member

American Academy of Pediatrics (AAP) – Student Member

American College of Physicians – Student Member

Biomedical Engineering Society – Member
